The Dimmer View

BY MAX GOODWIN

We did a switch on a couple of Republican candidates since the primaries and the change brought considerable reaction from our readers. For those who are interested, here is why we switched.

In the instance of Democratic Candidate for State Treasurer, Bert Betts, we gave him the nod over Button mostly for sentimental reasons. He is a good auditor and an honest man but also important, he is the first Lemon Grove man to run for so high a state office. We have not always agreed with Betts, especially on his school board philosophy, and he carries the Democratic tag, but no one can question his integrity.

Interestingly, this is probably the first time in California history a candidate has come from nowhere on a state ticket to shake out an incumbent. With no offence intended, we feey obliged to quote a publicist who handled the candidacy for several aspirants. Said he, "We could have put a can of peas in office this time with a Democratic label."

We would have preferred Button, for he had done a good job, but Betts is local, and nothing carries so much sentimentality as a "home town" label.

In the case of Republican William Shearer, who was running for Assembly, he lost us when he attacked Roscoe Hazard, Arnholt Smith, George Scott, and other stalwarts of the Republican party. These guys were always good for a quick buck when Republican candidates needed a wad of dough. They elected, according to the story I got, not to supply all the funds Shearer called upon them for and Shearer became embattled with them over this. He split his effort between fighting Hegland and these men whom he attacked by charging them with "bossism."

One lady, particularly incensed with our switchover to Hegland, excoriated us for "changing."

As we pointed out, our stand on COPism is the same . . . but the candidate's platform had been spread to cover some things not indicated in Party support. The candidate changed!

Be that as it may, we are still here, all of us, struggling to make enough dough to meet the house payments and have enough left over for a Saturday night steak. Only difference is that we are going to be doing it under Democrats instead of Republicans.

Junior Chamber Members Urging Church Attendance

Regular attendance at worship services in all churches and synagogues is being urged in Lemon Grove during the month of November, it was announced today by Joe Payson, president of the Lemon Grove Junior chamber of commerce.

Increased support of all religious institutions are emphasized during the program, Religion In American Life, sponsored by the religious activities committee of the junior chamber. Activities are built around the national RIAL campaign theme "Find the Strength for Your Life . . . Worship Together This Week." All local churches are participating in the activities. The month is divided into four weekly programs: Family Week, Bring A Friend Week, Young America Week, with the climax to the program being Thanksgiving week.

"Never before in the history of our nation have the moral and ethical standards of good citizenship been so necessary," said Payson. "We are living in an age of international tension when every individual is looking for security. That security can only be found in the realm of faith."

Nationally, The Religion In American Life program is sponsored by 70 prominent laymen and women of all faiths, and is supported by 24 national religious groups and the United State Junior Chamber of Commerce. American business provides more than $8,000,000 worth of time and space for RIAL through the advertising council. The campaign involves many thousands of laymen and women from the churches and synagogues, community and service organizations, who are bringing to public attention the essential role of all religious institutions in maintaining high standards of citizenship and morality. The laymen and women of Lemon Grove will be a vital link in this campaign, Payson concluded.

Halloween Spooks Local Resident Out Of 50 Bucks

A Halloween carnival Friday night kept Mrs. P. Pantazoplus of 2968 Washington street, from winning $50 in the Lemon Grove Boosters Jackpot Drawing.

Mrs. Pantazoplus' name was on a five percent ticket drawn at the Plaza, but because she wasn't present she couldn't collect the prize. However, she will be awarded a $5 consolation prize because hers was the first ticket drawn.

Mrs. Pantazoplus said she usually attends the drawings but last Friday night she worked in a carnival booth at Golden Avenue school where her son, Nick, 5, attends kindergarten.

Four other names were drawn Friday night but none was in attendance. They were: L. J. Gload, 1630 Drexel drive; Norma Villa, 9062 Kenwood drive, Spring Valley; Stephen Batzhelder, 3242 Lawton drive, and Mrs. A. Hirko, 3880 University avenue.

Tickets for the drawing, held at 7 p.m. every Friday, are distributed free by Lemon Grove merchants.

Restaurateur, MC Charged With 'After-Hours' Sales

Sheriff's deputies arrested two men Monday at 3 a.m. in Michael's Steak House, 7828 Broadway, according to officer Don Bryan of the El Cajon sheriff's office.

Bryan said officers entered the cafe after seeing seven persons sitting at the bar after closing hours. The door was locked but officers said they were able to see the persons through a small window in the front door.

The men were listed as Joe Pappito, co-owner of Michael's, who was charged with violation of ordinance number 25302 of the county business and professions code which makes it illegal to permit consumption of alcoholic beverages in a retail outlet after hours, and Max Shwembley, a master of ceremonies of 6054 Delor street, San Diego, who was charged with disorderly conduct. Three other men and two women were not arrested.

Pappito said the cafe was closed at the regular closing time but the group was having a business conference concerning the future entertainment program at the place.

Open House Plans Readied By PTA

The Helix high school PTA held a board meeting November 3 to make additional plans for the open house to be held Thursday of this week at the school. Parents are to convene in Helix High cafeteria at 7:15 p.m. to be introduced to the teaching staff and to visit their youngsters' classrooms.

Kelman Aiken was selected at the meeting to be representative to the Grossmont citizens' advisory commission.

Mrs. R. L. Brehl was also chosen to fill the vacancy of the Helix PTA health chairmanship, a position recently resigned by Mrs. Richard Reyburn.

Letter Carrier, Clerk Positions Open At LG Post Office

Letter carrier-clerk positions are available in the Lemon Grove post office and applications are being accepted, postmaster F. Faucher announced today.

To stay abreast of the growth of our community, the Lemon Grove post office must continue to recruit well qualified employees in order that we may maintain high standards of mail service in this community," Faucher said.

Recent legislation has raised postoffice starting salaries to $2 per hour, with annual increases to $2.42 per hour. Ten percent additional is paid for night work.

The postmaster pointed out postal carvers offer high job security, plus excellent opportunities for advancement, regular salary increases, low cost life insurance and a liberal retirement system. Postal workers enjoy 2½ to 5 weeks annual vacation, depending upon length of service, and are allowed 13 days sick leave with full pay each year, he added.

Applicants must reside within the delivery limits of the Lemon Grove postoffice, must be U.S. citizens at least 18 years of age and must qualify on a civil service examination before they may be appointed. Applications will be accepted from now only.

Court Site Approval Postponed

SAN DIEGO (CNS)—No action on selecting a second courtroom for the El Cajon judicial district was taken by county supervisors at their meeting Monday.

However, they decided to conduct no further study into the feasibility of locating the courtroom at Gillespie field. The department of public works reported facilities are available if the board wants to put the court at the airfield.

"There are three separate areas that could be leased at a very low rental from some of the county's lessees," public works director Jean L. Vincenz said. He added, however, there would be some expense in altering the facilities to make them usable for a court.

Board members apparently decided that the question of a site had been pursued far enough. They indicated privately that a courtroom at El Cajon, adjoining the present court, seemed the most logical and economical solution of providing quarters for the new judge, Gilbert Harelson.

Harelson, former La Mesa city attorney, will take office as the second judge of the district when supervisors accept Harelson's court requirement suggestions.

Long's Drugs Leases Space In Shop Center

Long's drug stores have leased 15,000 square feet in College Grove Shopping Center now under construction, according to a joint announcement by Joseph M. Long, president of Long's Stores and the Phillip Lyon Company, leasing agent for the shopping center.

The store will be the largest in the chain's San Diego operation. It will have 271 feet of frontage on the upper mall adjacent to the J. C. Penney store and will be the only drug store in the center.

Joseph S. Stratton, Long's southern California district manager, said Long's are negotiating for three additional leases in the San Diego area.

New 134-Bed Wing Will Aid Hospital Caseload

Louis Peelyon, administrator for the Grossmont Hospital District, told the Lemon Grove Men's Club Friday that on a projected scale, the hospital, with 134 beds added to its present 111, would admit 10,330 cases the first nine months of operation. This compares with 20,775 cases the three years it has been in operation.

Peelyon said the 134-bed wing, for which funds have already been earmarked, would be started in December. A 14-months schedule for its completion has been set, he added.

He also said 4,076 new citizens had arrived by way of the hospital's delivery room since the hospital was built in August, 1955.

"No additional funds should be required to build the new wing," Peelyon said, "but a maintenance and operation tax for a couple of years appears to be a certainty." He estimated the tax would be 9 cents for each $100 assessed valuation.

Peelyon said an access road from Alvarado Freeway, yet to be resolved with the State Division of Highways is vital to the hospital. "They appear to be looking sympathetically upon such a road now," he said. Harry Burris, local druggist was program chairman.

The program this week will be provided by George Casteel who will discuss the winners and losers of the election and how they arrived at that condition.

The Men's Club meets every Friday at Michael's at noon. All males are invited.

Mayes Honored Again At Davis

DAVIS—Vernon O. Mayes, 1958 El Cajon Valley high school graduate, has received an honors at entrance award at the University of California at Davis, dean of students William C. Weir, has announced. He was one of 41 entering students at Davis honored for superior scholastic records in high school.

A freshman majoring in agricultural education, Mayes received his honor certificate from chancellor Stanley B. Freeborn at a tea held last Thursday.

Mayes is the son of Mr. and Mrs. V. O. Mayes of 3267 New Jersey avenue, Lemon Grove. He was awarded a $350 scholarship recently by the Santa Fe Railway Co. for outstanding work with the Future Farmers of America.

Education Week To Be Observed At All Schools

Schools throughout Lemon Grove will observe American Education week November 9-15 with varied activities, according to Hyron Netzley, Lemon Grove schools principal.

"Keep Up with the Kids" and "Don't Just Sit There . . . Do Something to Improve Your Schools" are themes chosen for the annual nationwide observances for public and private schools. The seven schools in the Lemon Grove elementary district plan several types of "open house" programs during the day and some evenings.

Schedules will be sent home to parents from individual schools. At the juior high regular PTA meeting, November 13, a repeat of the popular "parents back to school" will be staged. Parents will follow their children's schedules with ten minute "classes" and will hear the year's objectives discussed by the teachers.

Although schools will have special programs and open houses at different times during the week, parents and other school patrons are invited to visit during regular class hours this week and any week during the year.

Board Nixes Approval Of Sewer Suits

SAN DIEGO (CNS)—Condemnation actions against property owners along Imperial avenue in Lemon Grove were postponed Monday by the county board of supervisors.

The board declined to give approval for the suits asked by the road department, after hearing protests of Jackson Ammons, a local property owner and real estate man.

Ammons said he had property the road department wanted to condemn, but he declared the county ought to make an effort to buy the land from him by some agreement before going to court.

Ammons said he had been trying for months to find out the county's plans in the matter. Nobody from the county has asked about buying his land, he said.

"I'm not willing to give wholesale endorsement for condemnation proceedings," said supervisor De Graff Austin. Whether to approve the road department request was then held for further consideration.

A contract to construct a sewer system along Massachusetts avenue was awarded Monday by supervisors to L. B. Butterfield. Butterfield was the lowest of three contracters whose bids were opened last week.

LM Ad Man Arrested On Gun Charge

Herbert M. Marsh, 28, Los Angeles, who lives at the Moritz motel in La Mesa, was released from jail this week following a San Diego Police department complaint charging him with carrying concealed weapons. A charge of suspicion of robbery was later dropped.

Marsh, who operates the James Advertising Company in La Mesa, said he had visited Tijuana Friday with a newly purchased revolver in his car. Federal agents at the border advised him not to carry it into Mexico and he parked his car, with the gun in its factory packed box on the rear seat.

When he recrossed to San Diego to enter his parked car federal and San Diego police officers questioned him. Later the same day San Diego police officers contacted him by telephone asking him to come to headquarters for an interview later in the week, according to Marsh.

Marsh was picked up later in the day in El Cajon by El Cajon police officers and placed in San Diego jail. He was released on $300 bond Saturday. Hearing has been set for Friday in San Diego.

The James Advertising Company is presently operating a coupon book promotion in which the consumer, for $5.95, gets a coupon book worth $100 in services. Several Lemon Grove firms took part in the promotion.

BULLETIN

At 4 p.m. on Wednesday, Carl A. Parent, assistant manager of the San Diego Better Business Bureau, ordered a warrant issued against Marsh charging him with willfully and unlawfully issuing a coupon book in violation of the business and professional code. Parent also charged Marsh with distributing a coupon book without obtaining a permit from county supervisors in violation of code 1466.

Spring Valley Estates Slated For New School

A new school in the Spring Valley Estates area is on the way, as a result of action October 27 by the La Mesa-Spring Valley board of education.

Preliminary plans for the new Avondale elementary school were studied and approved by the board. The building, designed by architect Clyde Hufbauer, will be located about a quarter of a mile south of Mt. Miguel high school, on Sweetwater avenue. Avondale will be the district's 15th school and should be occupied by the fall of 1959, according to associate superintendent Dr. Ted Dixon. The name Avondale comes from the fact that the school will be located in the tract of West Avondale.

The board also designated architect Sam Hamill to draw plans immediately for necessary addition to Brier Patch and Maryland avenue schools. While blueprints have not been authorized, a schedule for construction cannot be definitely established until a population density study, now under way, is completed, Dr. Dixon said.

POLL FAVORABLE

The citizen's opinion poll of the La Mesa-Spring Valley schools, is very favorable, according to a special report given to the board at the October 27 meeting. Late last spring the board of education authorized district participation in a public opinion survey. The poll was conducted by William Heidbreder, 5th grade teacher at Spring Valley elementary school. The project, which involved a research study as a partial requirement for an advanced degree, had a twofold purpose; (1) to provide information concerning what people actually know about their schools, and (2) to obtain opinions.

While a detailed analysis is still in process, several obvious conclusions could be drawn about what citizens thought during the period of June and July, 1958, said Heidbreder. (1) 32 percent were very well satisfied, 18 percent were well satisfied, and 45 percent were fairly well satisfied with the educational program.

As opposed to this 95 percent expressed approval, only 5 percent expressed dissatisfaction. 88 percent felt that more than half of all school time should be devoted to reading, writing and arithmetic; 80 percent felt that multi-purpose rooms should be included as a part of a regular school building; 62 percent thought that the present length of school years should be left unchanged.

Seventy-six percent said they would vote for increased taxes if it was necessary to improve the quality of the educational program. 74 percent favored federal aid for education. 71 percent thought the instructional program today was better than 20 years ago and 89 percent said they would be happy to have their sons and daughters become teachers.

VOTERS LIST USED

The summary represents a small number of the items presented. The Great Registrar of Voters of San Diego county was used as the source for the selection of names of persons to whom the survey was mailed. Random sampling (each tenth name) was used. There were four sections to the questionnaire: personal, school buildings, finance and curriculum.

8 Lost Puppets, 1 Girl, Add Up To Heartbreak

By Hub Sandelin

Lost: eight puppets.

A sentence like the above would usually be found in the classified advertising section of a newspaper, but these three words have a story behind them that should be told as a news story.

You see, this story involves the happiness of a 10-year-old Girl Scout and her friends.

The girls involved, Marcia McAbear, daughter of Mr. and Mrs. Marvin McAbear of 2334 Di Foss street, Lemon Grove, had been diligently practicing with some hand puppets her grandmother brought back from Germany. Marcia had hoped to be expert enough to put on performances for her Girl Scout Troop 101 at Halloween and Christmas time. But on Tuesday of last week, as she was preparing to rehearse with her Scout troop, she lost eight of the puppets on the fender of her neighbor's car, Ellis DeLong, 8014 Mt. Vernon street.

DeLong, not knowing the puppets were on the fender, drove off on an errand. When he returned the puppets were gone. Since then, no clue has turned up as to their whereabouts.

You can put a monetary value on the loss of articles such as these, but you can't measure the disappointment and heartache a loss such as this can bring to a 10-year-old child. Meanwhile, Marcia desperately hoping someone will find her much loved puppets and return them. The person who does will make Marcia and her playmates the happiest children in Lemon Grove.

Postmaster Lists Steps For Armed Forces Mailing

Lemon Grove postmaster Frenchy Faucher last week stated November 1 to November 20 has been designated for the mailing of Christmas parcels to members of Armed Forces overseas. The term Armed Forces overseas includes personnel of our Armed Forces, members of their families, and authorized United States civilians employed overseas who receive their mail through an APO New York, New York; San Francisco, California; New Orleans, Louisiana; or Seattle, Washington, or Fleet Post Office, New York or San Francisco, or Navy Post Office, c/o Postmaster, Seattle, Washington.

Faucher also called attention to ing parcels are as follows: by surface mails - November 1 to November 20; by airmail - December 1 to December 10.

Faucher also caller attention to the size and weight limitations which are as follows:

Seventy pounds is the maximum weight except that a limit not to exceed 50 pounds applies to certain overseas destinations addressed through New York, N. Y. (exceptions - See Part 127, Postal Manual.)

One-hundred inches in length and girth combined is the maximum size except that smaller limitations apply to certain overseas destinations addressed through New York, N. Y. (See Part 127, Postal Manual for exceptions.)

Preparation: Boxes for overseas transmission must be of strong construction on account of the great distance these parcels must be transported and the handling and storage they must undergo. It is necessary that all articles for overseas delivery be packed in boxes of wood, metal, solid fiberboard, or strong double faced corrugated fibreboard.

It is also desirable that all fiberboard boxes be securely wrapped in heavy paper which materially strengthens the package. Each box should be well tied with strong cord.

Boxes should contain sufficient cushioning material so that the contents will be tightly packed to prevent any rattling or loosening of articles within the package. Unless completely packed and tightly filled, boxes are likely to be crushed. A slip showing list of contents and addressee should be enclosed in the parcel.

Prohibited Articles. - In addition to the usual articles normally prohibited in the mails, matches of all kinds and lighter fluid may not be mailed to overseas military addresses. Cigarettes, other tobacco products, and coffee are prohibited in parcels addressed to the military post offices listed in part 127, Postal Manual.

Addressing — Addresses must be legible and complete and should be prepared in typewriting or ink. Correct forms of addresses for overseas military personnel are illustrated in 123.8, Postal Manual.

Christmas Cards — Greeting cards should be mailed within the periods designated for parcels if they are to have a reasonable expectation of delivery prior to Christmas.

PICTURE TALK

by Bob Vaught

OWN HALF A CAMERA?

Or let's put that question another way. Can you take pictures only outdoors with your camera . . . not indoors?

Most cameras, you know, can easily be equipped with a low-cost flashholder that makes indoor picture-taking easy. You just load a flash bulb in the holder, press the button — and flash! You've got yourself a wonderful picture.

Bob Vaught

Bring in your camera next time you're near the store, and we'll be happy to show you some of the different types of flashholders you can use. We have a couple of new ones, by the way, that are really something to see.

One's the new Kodak Rotary Flashholder. You load it with six flash bulbs at a time. Then you're set for six quick flash shots in a row. Lets you catch quick action without the need for changing bulbs after each picture.

Then there's another new one called the Kodak Generator Flashholder. This you've got to see. It uses no batteries. You just give the generator wheel a turn and you generate enough "juice" to fire your flashbulb. What's more, this new dandy folds way down to pocket size.

If you pick up a flashholder now, you'll be ready to snap all the fun at the holiday parties that'll be coming up soon. See you soon?

Also during the month of December the choir will make appearances at Lemon Grove junior high school and Spring Valley junior high school.

The choir, under the direction of Robert Boucher, plans to make an appearance November 12 at the Grove Theatre prior to the showing of the movie "War and Peace" for the Music Parents' Club money-raising drive.

Other appearances include a program for Palm Avenue elementary school PTA on November 13. They also have a tentative date to sing for the Lemon Grove Methodist church congregation.

☆ There is something about those Swedish girls, one must admit.

☆ Eventually, various religious groups and faiths will stop squabbling, recognize each other, and make more progress.

The Dimmer VIEW

(Continued)

chopped down one of the two remaining king sized stop signs in San Diego county. The four foot hexagon sign, one of a pair at Grove and Imperial, were installed there because of the high traffic accident incidence at the intersection.

Fowler said the signs are "museum pieces" and cost the county $75 but had proved their worth at selected potentially dangerous intersections. The only other pair is in Poway.

Fowler's investigators, working on the case, said the signs were sawed off flush with the ground following an area football game on a recent Friday night. Culprits, when caught, will of course, be prosecuted, such an act being a misdemeanor.

More important than that accidents are beginning to occur again at the Grove-Imperial intersection.

We stopped, as we are prone to do, at a minor accident on Broadway the other evening at dusk. Two nearly-new autos were in a rear end collision which occurred when a motorist ahead stopped suddenly for a left turn.

The two drivers popped out of their individual cars with a glint in their eyes that comes with rear end collisions.

While there was not handshaking all around, the heat died rather suddenly when John Farle, Jr., recognized the driver of the car which had just rammed his was his own papa, John Farle, Sr., the latter is operator of Mel's hamburger heaven on Broadway.

Papa and son in exchanging insurance information found that they both were covered by the same firm.

Farle, Jr., doesn't live in Lemon Grove. He was enroute home to the north county area following a business trip to the back country.

"I didn't even know he was in town," Farle, Sr. said.

One of our favorite informants, Joe Young, the mainstay of the Lemon Grove Shopping Center, told us that vandals had lobbed rocks at the grocery's neon sign which sprawls across the entire front of the market, knocking out one letter.

"Knocked the 'F' out of the sign," is the way Joe reported it to me.

There's a law against vandalism and if Joe's type of funnies continues, there may be a law against comedy too.

City Council Candidate

Joseph H. Payson of 7317 Canton drive, is a public relations representative and a veteran of the U.S. Marine Corps. He is president of the Lemon Grove Junior Chamber of Commerce and a deputy of the San Diego County Sheriff's Reserve. He was selected as one of the five outstanding Jaycees in California for 1957-58 and took top prize in the 1958 San Diego and Imperial counties' speech contest. He and his wife, Barbara, have a son, Richard Harris, 2-years-old. "If elected to the Lemon Grove City Council," Payson said, "I will work for road repairs and additional recreational facilities. People will get more for their money if Lemon Grove is incorporated," he added.

PUBLIC SERVICES

Streets and Highways:

Lemon Grove has approximately 13.5 miles of streets classified as "major" because of design for regional or commercial traffic, and 36.5 miles of local or residential streets. It is reported that only 25 percent of the major and 9 percent of the local streets are of "proper right-of-way width."

Paving is reported as: 10 percent improved, 33 percent strip, 50 percent oil mix and 7 percent dirt. This right-of-way non-conformity is measured by the conventional standards of a large city. The modern Freeway removes much of the need for heavy traffic accommodation on local and regional streets and highways.

State Teachers Teaching Moral, Spiritual Values

California's teachers are teaching moral and spiritual values to their pupils. "Moral Competence," a new publication released by the California Teachers Association, revealed last week.

Compiled from reports of school districts in the state, the bulletin describes successful teaching practices aimed at building character and developing responsible citizens, the bulletin reported. Projects for the elementary, junior high, high school and college level, tested in a California classroom, are reported.

The bulletin, fourth in a series prepared by CTA's moral and spiritual values commitee, is designed to help teachers use teaching methods that demonstrate the values basic to a democratic society.

Included are class activities which deal with brotherhood, respect for the rights and privileges of others, devotion to truth and excellence, spiritual enrichment and moral responsibility.

JW Convention Set For SD

The announcement was made this week at the Spring Valley-Lemon Grove congregation of Jehovah's Witnesses that the coming California Circuit One convention will be held in San Diego.

The program being planned will better equip all of the local fellowship of Jehovah's Witnesses in the practical use of the bible as a help in fortifying the spiritual morale of the people in our community," stated Edgar A. Elliot, presiding minister of the local congregation.

The convention is sponsored and directed by the Watchtower Bible Society which has representatives in 164 countries. They distribute millions of non-sectarian bible study aids yearly in over 100 languages.

Area United Fund Drive Near 60 Percent Of Goal

Lemon Grove United Fund campaigners will take another look at the results of their week at a "Dutch treat" report luncheon Friday at Mission Valley Country Club, San Diego.

"The campaign is a success already," said Mrs. Frank Armstrong, 8230 Golden avenue, Lemon Grove chairman. "Agencies are being funded at the full goal rate for November, and that was the prime purpose of an early campaign this year.

"Now, we're completing the drive to make certain these agencies, and others in the county, receive the funds they need for the remainder of the year."

Mrs. Armstrong pointed out the present United Fund drive already is running along at a 33 percent faster pace than last year's effort.

The big countywide campaign provides operating funds for almost 100 health, welfare, and social agencies in the county.

The Heartland division, at last report meeting, was among the leaders, having raised $29,913, or 58.7 percent of a $51,000 goal. During the entire five-month campaign last year, the Heartland division raised only $22,600.

The Lemon Grove quota in this division is $3,250. Overall county goal is $340,000.

Mrs. Jens Hutchens, Heartland area chairman, said United Fund campaigners have two basic purposes:

1. To give every person in Lemon Grove the opportunity to give through the United Fund to agencies of their choice, and all at one time.

2. To cut down on the number of separate campaigns that would plague the community if there were no United Fund.

"Economy-minded persons should also, because there is no better way to give to all these agencies Lemon Grove and the county, needs, and still do it all at the same time."

Working with Mrs. Hutchens are these Lemon Grove residents:

Mrs. Ray Bullock, district chairman; Mrs. Neil Zitren, district chairman; Mrs. Paul Reynolds, Odessa Gagian, Mrs. R. C. Taylor, Velia Flores, Mrs. C. J. Blum, Mrs. Robert Sauders, Mrs. Keith Richard and Mrs. C. L. Hill, district chairman.

Also Mrs. Jack Durham, Mrs. Rita Taylor, Mrs. Samuel Honk, Mary Dickinson, Mrs. Val Bierwirth, Mrs. Earl Anderson, Mrs. Alf Holmberg, Mrs. Leo Zent, June Rowland, Marcella Simpson, Lori Hall and from Spring Valley: Mrs. Mary Wagor and Mrs. John Haskell, district chairman.

Mental Health Director To Address Council PTA

Hostesses for the evening are representatives from PTA units at Golden Avenue school, Monterey Heights school, Palm Avenue school and San Miguel school.

Test For Avocado Maturity Is Told By University Of California Advisor

Determination of maturity in avocados is accomplished in one or more ways, says University of California farm adviser Dan Gustafson. Growers first must know the variety grown and its harvest season.

Avocados must contain a minimum of 8 percent oil before they pass the state's legal maturity requirement. Yet oil content, which is an indication of maturity, cannot accurately be determined unless the fruit is tested in a laboratory.

Varieties having purple or dark colored fruit are usually mature when they start to turn from green to a dark color. For fruits of a green color, however, the bright green diminishes and there is a yellowish tint to the skin and stems when the fruit is mature.

The green fruit also becomes smoother, especially at the end opposite the stem, and on many varieties, small corky areas appear on the skin. Large size is not a sure indication of maturity for any variety.

Some growers help determine maturity by cutting a few fruits and examining the seeds, Gustafson pointed out. If the skin and generally light tan to yellowish-white in color the fruit is immature. If the seed coat is dark brown and tissue thin, it is a good indication the fruit is mature.

Avocados remain hard as long as they are left on the tree, and soften only after picking. Immature fruit will wrinkle and often will not soften uniformly or properly. Mature fruit softens to a smooth buttery consistency without wrinkling.

'Buffalo Bill' Readied For 5-Day Run

One of San Diego Junior Theatre's most ambitious undertakings, "Buffalo Bill," will open a seven performance run at Roosevelt auditorium on Saturday of this week. The play will be presented on Nov. 8, 9, 11, 15 and 16 at 8:30 p.m. and on Nov. 11 and 15 at 10 a.m.

"Buffalo Bill" will feature a cast of over 40 boys and girls between the ages of 8 and 18 with a backstage crew of 10 teenagers. Bob Chambers will direct with Kathy Pearce as assistant director and Nancy Morris as stage manager.

Many experimental touches will be used in the production. These will include a raked or sloping stage floor, projected scenery, horseback riding scenes accomplished through dance mime and authentic Indian music and language.

Indian ceremonies in the play are under direction of Chief Black Hawk, a Sioux Indian who will also serve as advisor on costumes and properties. Many of those playing Indians in the performance have studied Indian lore for several years under Chief Black Hawk.

The production is sponsored by the City Park and Recreation Department. Tickets will be on sale at Palmer box office.

Lutheran Women Will See Skit

Mrs. R. C. Granstedt will present a skit on evangelism at the regular monthly meeting of the Lemon Grove Lutheran women's missionary federation to be held in the fireside room of the church on Tuesday of next week at 7:30 p.m. Special music is also planned.

The thank offering envelopes will be presented at the meeting. The money from these envelopes is used for higher education. Another project being carried out this month is the gathering of good used clothing which is to be distributed in foreign countries by Lutheran World Action. Anyone having such clothing to contribute is urged to bring it to the church this month.

Hostesses for the evening will be Mrs. Palmer Svalstad and Mrs. D. F. Ellis.

On Sunday evening the food for the church loyalty dinner was prepared by the local WMF and served by a group of ladies from St. Luke's Lutheran church in La Mesa. Ladies from Lemon Grove Lutheran church will reciprocate Friday of this week by serving the loyalty dinner prepared by members of St. Luke's Lutheran church.

FOOD BASKET'S FAMOUS

BONDED and TRIMMED STEAKS!

Shown above is the U.S. Graded Choice Loin from which Food Basket cuts its famous Bonded Steaks. This is the "heart" of the whole beef . . . the most tender section of all. Always selected from desirable size beef, which has been well fed to produce the "marbling" that adds so much to wonderful flavor and tenderness.

Here is the first step in the process of cutting Food Basket's famous Bonded and Trimmed Steaks. After each steak is cut, Food Basket's unique trim method removes all the excess waste and fat to give you more delicious, tender meat to eat . . . and more value for your food dollars. You never pay for excessive waste and fat at Food Basket.

This photograph graphically illustrates the value to you in Food Basket's trim-method. You can actually see the waste and fat that have been removed so that Super Shoppers get the best for their money. Remember, too, that all Food Basket steaks are U.S. Graded Choice . . . at Food Basket you never get mixed grades . . only the finest.

In addition to the careful trimming, Food Basket places its exclusive written Meat Bond in every single package as our absolute guarantee of complete satisfaction in every way or your money back. If you're not getting the famous Food Basket special trim and written bond of guarantee . . . you are not getting full value when you buy steak.
